

BULGARS AND TURKS GO TO FACE NEW FOE

Rumania Border Latest Front of World War.

Ignores Central Powers' Demands to Demobilize.

SEE PLOT TO SEIZE PROVINCE

Fear Rumania Plans Acquisition of Transylvania.

Austrian Forces Ready to Occupy Durazzo.

London, Feb. 7.—Bulgarian and Turkish troops are moving toward the Rumanian border to meet the concentration of Rumanian troops against the Bulgarian frontier, according to Milan dispatches received here today. From another source came the report that the central powers have demanded the partial demobilization of the Rumanian army and a pledge of benevolent neutrality toward the Austro-Germans and Bulgarians. These demands, it was said, have been ignored by the Rumanian government. The London press printed long dispatches today dealing with the Rumanian situation and corroborating the Rumanian statement that Rumanian activities lead to the belief that the Rumanians may soon enter the war with the allies.

The Milan correspondent of the Chronicle reported that the central powers have protested to Rumania against the sale of \$5,000,000 of grain to the allies. The Rumanian government replied that it was necessary to safeguard Rumanian economic interests by all possible steps. Austria is reported to further have protested against the nomination to the Rumanian parliament of two candidates pledged to wage a campaign for the acquisition by Rumania of the Hungarian principality of Transylvania, inhabited largely by Rumanians.

The Marmarontz correspondent of the Chronicle reported a sudden concentration of Rumanian troops along the Hungarian frontier within fifty yards of the Austro-Hungarian line.

Full of Albanian Capital.

Rome, Feb. 7.—Durazzo, capital of Albania, probably will be occupied by the Austrians before many hours. Austrian cavalry has reached the Adriatic river, four miles from Durazzo, according to dispatches received here today. It is awaiting the arrival of the main body of Austrian troops which crossed the river early Sunday after defeating a Serb detachment. The Serbs are falling back to the south to escape envelopment by the Bulgarian forces at El Bassan.

No Ultimatum Yet.

London, Feb. 7.—The British government has received definite information that the report that an ultimatum had been delivered by the central powers to Rumania is untrue.

MRS. KINNE'S DEAD

She Had Been a Resident of Topeka 36 Years.

Juliette E. Kinne, wife of J. R. Kinne, died at 11:15 o'clock Sunday morning at her home on the thirteenth street, following a long illness. She was 84 years old and had been a resident of Topeka for thirty years.

Her husband is the oldest conductor in the employ of the Street Railway company. Mrs. Kinne was born in Venango county, Pennsylvania, and later moved to Ohio. In 1885 she came to Kansas settling in Wabash county. One year later she came to Topeka and spent the remainder of her life here. She was known to hundreds of people in Topeka and was prominent in lodge circles in this city. She was a member of W. R. C. No. 94 and the K. and L. of S. No. 50.

Besides her husband Mrs. Kinne is survived by four sons; Almond H. Kinne, Samuel A. Kinne, Gordon H. Kinne, all of Topeka, and Chas. W. Kinne, of Kansas City, and two sisters, Mrs. J. N. Porter, Topeka, and Mrs. S. H. Ralston, of Pittsburg, Pa. The funeral will be held at 2:30 o'clock Tuesday afternoon at St. Paul's church. Dr. Charles M. Sheldon will conduct the services. The W. R. C. will assist. The body will lie in Mount Hope cemetery.

WOLVES INVADE KANSAS

They Come Over From Missouri in Search of Food.

Driven by hunger from their hiding places timber wolves, large and ferocious, are terrorizing farmers living near the dense strip of timber bordering Sheridan Drive in Salt Creek valley, Leavenworth county, according to stories told by traveling men in the hotel corridors at Topeka. The snow covering the ground for a week, or more, has driven the wolves out into the open and made life miserable for the salt creek farmers.

A big wolf drive is being planned by the rangers and hunters from Fort Leavenworth will be asked to participate. Gray wolves in that vicinity have been seen for years before, and it is presumed the sleek venger drove them from the Missouri bottoms across the ice covered river onto Kansas soil. In this case forming conditions

were no better and when the wolves attempted to return to their rendezvous in the Missouri bottoms they found the river ice broken. Chicken roasts have been raided and farmers have taken steps to prevent repetition of these robberies. With each additional source of food supply cut off, Salt Creek valley residents expect the wolves to grow bolder. Some farmers are described as doing their winter duties about the farm with firearms within easy reach. The scalp of one of the wolves was taken to the Leavenworth court house Saturday. The animal was shot in the neighborhood of Sheridan Drive.

AFTER GAME PLAT

Bill in Congress to Give Kansas a Preserve.

Five Sections of Finney Land Near Garden City.

Before the end of the month Kansas may have a new game preserve from the federal government. A bill allotting five sections of Finney county land to the state for a game preserve has already passed the United States senate. In the next few weeks the measure will probably find its way through the house. William H. Thompson, United States senator from Kansas, is pushing the bill which will mean the propagation of quail, prairie chickens and other game birds in this state. Senator Thompson's home is in Garden City. The proposed new game preserve is but a few miles from the Democrat senator's home.

In a letter to W. G. Tegmeyer, state fish and game warden, Senator Thompson states that the bill will probably pass at an early date. Members of the Kansas delegation in Washington will urge the passage of the new bill.

"Kansas will propagate thousands of quail, prairie chickens and other game birds on the government allotment of land for a game preserve," said Warden Tegmeyer. "The land called for in the measure introduced by Senator Thompson is sufficient to carry on successful propagation of game birds. It will be a big boost for the state and will stock Kansas with thousands of game birds."

It is probable that both the state and federal government will cooperate in the raising of quail and other game birds on the Thompson measure is adopted. Both state and federal supervision will probably be required in the protection of the birds.

NEW NAME FOR PORTER

One Correspondent Addresses the Commissioner as "Goldfish."

"Goldfish Porter, Topeka, Kansas," was the way a letter was addressed at town office in western Kansas. With-out any delay it reached the desk of William L. Porter, city commissioner, where it belonged. It was from a drug firm on west main street, which crossed the river early Sunday after defeating a Serb detachment. The Serbs are falling back to the south to escape envelopment by the Bulgarian forces at El Bassan.

No Ultimatum Yet.

BERGEE'S OF PIRATE RAILING

Captain Kidd Has Mighty Little on the Moewe Crew.

Captured Eight Ships Before Seizing the Appam.

ONLY ONE PUT UP FIGHT

Short Rations Began to Worry German Commander.

Declares Englishmen Were Most Docile Entire Trip.

Newport News, Va., Feb. 7.—"I am willing to tell you all about our trip as far as military interests will permit," today declared Lieutenant Hans Berg, German commander of the captured British steamship Appam, to an I. N. S. representative.

The name of our boat is the Moewe, which means sea gull. Where this bird came from is a secret. From reliable sources it was learned the Moewe came from Ikel within a comparatively short time. She was a fast merchant vessel converted into a cruiser.

"Never mind the Moewe's former name," continued Lieutenant Berg. "It is a good bird no matter what her name. She captured eight ships in a short time before we left her. Although we are all happy to have reached an American port safely, if we had our choice we would rather be back on her again. Maybe she has made more captives."

"We were not far from Madeira when we sighted the Appam. We hoisted our war flag and signalled her to stop. She failed to heed our signal, although we gave her a warning of our character as a German war vessel before going into action. The Appam tried to get her gun ready when we started to fire. But she soon gave up resistance."

The sailors who handled the guns and their officers were taken as prisoners of war and carried over to the Moewe, about 20 men in all. The crews of the first six boats which we took and sunk tried no resistance whatsoever. We put explosives on board and sent them to the bottom after they were safe."

"The only ship that fiercely resisted was the Clan McTavish. She fired several shots but none of them hit. The Appam at last fired a black shot at her and signalled her to stop, which she did not do. She continued on her course as fast as she could and kept firing. We scored several hits and finally one of our shells burst the main steam pipe, compelling the captain to stop the ship."

"Personally, I don't know how many were killed on the Clan McTavish, but I heard there were about ten to fifteen killed. The crew of the Moewe was killed or injured. The remainder of the McTavish crew were taken aboard the Moewe, where they remained."

"The trip across the Atlantic was very quiet. Our prisoners behaved well. We had several nights when off duty. Of course, we had bombs placed so we could sink the ship at a moment's notice in case of mutiny."

"Our rations became rather short. During the last few days we had no food except for our meat. We could have held out longer, if necessary without suffering harm."

"I want to pay my compliments to the American navy. They were anxious to release our passengers as soon as possible and we ourselves did everything to help disarmed and helpless men. The trip across the Atlantic was very quiet. Our prisoners behaved well. We had several nights when off duty. Of course, we had bombs placed so we could sink the ship at a moment's notice in case of mutiny."

TEAPOT TEMPEST

Washington, D. C., Feb. 7.—Congressman Dudley Doollittle of the Fourth Kansas district has presented a resolution to the present house of speakers to appoint a select committee of six members to inquire into and fully investigate certain matters relating to the meat packing industry of the country.

The first subject of inquiry called for by the resolution is to ascertain the causes of the present low price of cattle paid by meat packers. Second, to investigate the relations existing between the meat packers and the stock raisers. Next is to investigate the reasons and causes for fluctuations in the purchase price of cattle, sheep and hogs by such institutions.

The fourth subject of inquiry will be made into the methods employed by all such companies and corporations in their business and the relations existing between them or any of them in so far as they relate to the price paid for livestock and the price at which meat is sold by them.

Should this resolution be ordered by the house the inquiry would have a far-reaching effect into the price which is paid to the farmer for livestock and the price the consumer has to pay when the animal is sold over the block.

Congressman Phil P. Campbell has introduced a bill directing the secretary of the treasury to pay to Dr. F. C. Cady, of Kansas, the sum of \$91,611, as a refund in view of the fact that Cady acted as a surgeon for the army.

Senator Charles Curtis has presented in the senate a bill appropriating the sum of \$30,000 for the replacement of two spans of a bridge over the Republican river connecting Fort Riley and Junction City, Kan. The portion of the bridge to be replaced was washed out by flood some months ago. This bridge is on what is known as the Golden Belt highway, which stretches across the state of Kansas and through the fort reservation.

5 MILLIONS, PENSIONS

(Continued from Page One.)

His Winter Spent in Florida. The letter to Governor Clapper today was written from Florida, where Bishop Millsbaugh is spending the winter. Bishop Millsbaugh is bishop of the diocese of Kansas. He will present a bill to the legislature for funds and is an originator of the plan to retire all Episcopal ministers who have grown aged or broken in health during their service in the ministry.

Plans for the pension system as outlined by the Topeka bishop provide that each minister who has attained the age of 65 years may receive pensions. The pensions shall be apportioned by a special board or committee entrusted with the funds. They shall be distributed on the basis of one-half of the salary of the minister during the period of active service.

Nearly 4,500 in Ministry. According to figures furnished to

but we should only laugh and so would even the rich men forced to lose.

Perhaps they would receive titles of nobility, a compensation that would be an admirable and practical apothecary for our national snobbery.

Anyhow we shall see funny finances and the spectacle of central Europe administered like an estate for the benefit of France, Russia, England, Italy, Serbia, Montenegro, Japan, Australia, New Zealand, Canada, South Africa, India and Belgium.

Those who fill the soil will be rich after the war; those who do not will be poor; but there will be no more Germany.

NO FURTHER FEAR

Mrs. Mohr Confident of Another Acquittal.

Jury Clears Her of Murdering Physician Husband.

Providence, R. I., Feb. 7.—Confidence that she will be acquitted of the remaining charge against her, as she was of the murder of her husband, was expressed today by both Mrs. Elizabeth F. Mohr, central figure in one of the most sensational murder trials ever held in this city, and her attorney.

The other charge against Mrs. Mohr and the two negroes is that they committed an assault on Miss Emily Burger with intent to kill. Miss Burger was shot while riding with Dr. Mohr on the night he was murdered. Brown and Spellman are accused of actually firing the shots at Miss Burger, while Mrs. Mohr is charged with being an accessory before the fact of the crime.

It even is predicted that the remaining charge against Mrs. Mohr probably will not be prosecuted.

Mrs. Elizabeth F. Mohr was acquitted by a jury in the superior court of a charge of having instigated the murder of her husband, Dr. C. Franklin Mohr, C. J. Brown and Henry H. Spellman, negroes, who were accused of the actual killing, were found guilty. The jury reported at 6:07 o'clock Saturday evening having been out since 10:50 o'clock in the morning.

Mrs. Mohr swooned while the foreman was announcing the verdict. Her head dropped forward and she was slipping from her chair when her attorneys grasped and supported her while a court officer rushed for a glass of water.

"Is there any other charge against these defendants?" inquired Justice Stearns.

"There is your honor," replied Attorney General Rice. "But Mrs. Mohr is on bail on the other charge."

The defendants, Brown and Spellman, are committed without bail," said the court, "and Mrs. Mohr is discharged from custody on this complaint."

The trial began January 10 and the jury had been kept together all the time. They went to their respective homes for a brief time in four weeks after being paid off.

Dr. Mohr, a physician practicing in this city and Newport, was shot fatally on the evening of August 31, 1913, as he was sitting in his stalled automobile in a lonely spot in Barrington.

George W. Henry, a negro, who made a confession in which he alleged Mrs. Mohr had agreed to pay him \$5,000 to murder her husband, Dr. Mohr, was sentenced to life imprisonment for the murder of her husband.

The police also claimed that the other two negroes made confessions which were substantially repeated. Henry pleaded guilty to manslaughter and became a witness for the state.

Mrs. Mohr Released.

"There is your honor," replied Attorney General Rice. "But Mrs. Mohr is on bail on the other charge."

The defendants, Brown and Spellman, are committed without bail," said the court, "and Mrs. Mohr is discharged from custody on this complaint."

principles for which we have contended."

Zimmerman's Statement.

In an interview with the Associated Press, Dr. Alfred Zimmerman, under-secretary for foreign affairs was quoted as follows:

"We had thought the submarine issue settled and the Lusitania question on the way to arrangement—had agreed to pay indemnity and all that was left was to get the money. But now we have new demands which it is impossible for us to accept."

Germany's Explanation.

At the German embassy it was said that no knowledge was had there of Secretary Zimmerman's interview.

"We don't know whether he said it or why he said it, if he did," said one official.

"It may be he gave that out because of the 'crisis' rumors that are put out in the country."

INVESTIGATE PACKERS

Doollittle Presents Resolution—Other Bills by Kansas Congressmen.

day by Bishop Millsbaugh 4,420 men are engaged in the ministry in Episcopal churches of this country. Their many averages show that in 1915, he says, only 237 of the 4,420 men receive salaries of \$4,000 a year or more.

As further argument that a minister must remain in the harness and cannot retire from active service without a pension fund, the bishop of the Kansas diocese points to the fact that more than 700 ministers receive less than \$1,000 a year. From these limited salaries many instances are including rental on residence property provided by the churches—the ministers have kept together their homes and educated children. If a pension fund was laid aside for their tomorrows.
